Winner of Store
Naming Contest**

'The Mirror' Wins \$50 En-
semble for Wife of
Local Officer

The Mirror.
That is the name selected by the
judges in the contest for a name
of the new women's ready-to-wear
store in the Edison Building on
Marcellina Avenue here.

The judges yesterday awarded to
Mrs. Ira Young, wife of Officer
Young of the Torrance police force,
1535-B Marcellina Avenue, the prize
of a \$50 outfit for a silk ensemble
at a Los Angeles wholesale house.
She suggested the name of The
Mirror, which the store will use
henceforth.

The judges were City Recorder
Charles T. Rippey, Grover C. Whyte,
business manager of The Torrance
Herald, and the store management.

In choosing a name the judges
wrote on a separate piece of paper
the suggestions, so that their con-
sideration would be given without
knowledge of the identity of the
contestants.

Numerous names that the judges
liked were suggested and the
eventual choice was difficult, though
unanimous.

The judges gave honorable men-
tion to the following persons: Mrs.
J. C. Spivey, 823 Sartori Avenue;
William Cuffey, 2284 Redondo
Boulevard; Mrs. W. J. Ross, 1724
Arlington Avenue; Anonymous, 3039
Sun Street, Lomita; Mrs. Fossum,
Mrs. Thomas D. Martin, 1408 Cota

"Just for Fun"

By RAS BERRY

They ain't very much to say this
wk. because news are scarce.

But Mrs. Harry Paige is looking
at Harry's desk yesterday and she
sees a note signed by Miss Max-
well up to the hosp. thanking
Harry for sending the nurses up
some dandy chocolates and Mrs.
Paige says she didn't know nothing
about it until she sees that letter
and so naturally she gives Harry
the razz for sending candy to girls
else.

ton Avenue; Mrs. Mattie Blair, 1524
29th Street; Rena M. Morris, Park
Terrace Court, Torrance; Mrs.
Anna Pratt, Torrance.

without telling her nothing about
it and again very naturally why
we gotta print it too. It kinda
looks as if Harry is planning to
have his appendix removed or
something.

Otherwise they ain't much to
write about.

Except that Jack Hanson is sore
because our bus. mgr. wakes him
up at 2 p. x. the other a. m. and
has him drive down to Lomita to
bring some gas to the bus. mgr's
car which is stalled without no
gas and Jack says the bus. mgr.
who is a bachelor was alone and
Dick Smith says any bachelor that
is alone in Lomita in a big car
at 2 p. x. in the a. m. should ought
to be ashamed of himself.

And I can't think of anything
else.

Except that Spud Murphy and
Jim Scott is going to manage a
boxing and razzing show at the
Legion Fiesta in July and is try-
ing to promote a three-round bout
between W. Post and Sam Levy.

but they is having a hard time
fixing it up because Sam says if
he ever gets in the ring with a
banker why he will knock down
his interest and Wallace he says
if he ever gets in the ring with
Sam why Sam won't never be in-
terested in no interest any more
and I guess one of them is scared
and the other dassent.

Which is about all I know what
to write about.

Except that Doc Shidler says the
carpenter's work bench in the
basement of the hospital is where
they operate on editors.

And they is 36 bulbs that don't
percolate on the Torrance electric
sign on Main st. and Harvel Gut-
tenfelder is buying a big tall lad-
der so he can reach it and put in
new bulbs and says ladders come
by the foot and wishes he would
grow up big pretty soon so's lad-
ders wouldn't cost him so much.

And that's all and it ain't very
good neither because news are
scarce this wk.

Mrs. Frank Jordan and daughter
Frances, of Palm Street, were
guests Wednesday of the former's
brother, Dow Moore, of Los An-
geles.

Deputy Sheriff E. J. Burke of
Los Angeles was a Lomita visitor
Monday.

toasted sandwiches. They are bet-

**ATWATER KENT
RADIO**

READY 22 YEARS
WHEN RADIO CAME

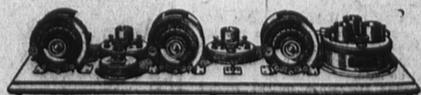

There is one radio set that rode into the
industry on half a million automobiles.
That set is the Atwater Kent.

A quarter of a century ago Atwater Kent
built their first Ignition System for au-
tomobiles and motor boats. That business
grew and grew. Its growth expressed the
confidence of leading motor manufacturers
and of owners that they were truly trying
to produce "the spark that couldn't fail."
And when radio came, it called for the
same sort of manufacturing machinery, per-
forming the same operations and run by the
same experienced hands.

Perhaps the fact that Atwater Kent were
ready, coupled with an earnest desire for
precision and care, explains the confidence
with which the Radio Industry regards
Atwater Kent Receiving Sets and Radio
Speakers.
